

Since launching the Community First Grant (CFG) program in 2016, Team Members have helped us award 406 grants in 149 cities, investing over \$2,779,000. Nearly 240 Team Members from over 140 Whole Foods Market stores and 12 store support offices have participated!

The CFG program is designed to support nonprofits focused on long-term fresh, healthy food access and nutrition education that are engaged with Team Members. Projects might include community gardens, urban farms, mobile markets and more!

Did You Know?

Team Members can nominate community partners to receive a \$9,000 grant from Whole Cities!

What is a Community Partner?

A nonprofit organization that is led by community members in your city.
